An abstract graphic design featuring a white background with various geometric shapes and text. At the top, the text "FULLY ENCLOSED" is written in a blue, sans-serif font. Below this, there is a blue rectangular block containing the number "4". To the right of this block, the number "4" is displayed. Further right, a comma "," is visible. Below these elements, a light gray horizontal bar spans across the page, with the number "68" positioned on the left side. A small green vertical line is located below the gray bar. Below the gray bar, there is a blue horizontal bar divided into three sections. The first section is empty, the second section contains the text "期刊名" (Journal Name), and the third section contains the text "編者姓名" (Editor's Name). Below the blue bar, there are several gray geometric shapes, including a large, irregular shape on the left and a smaller, more complex shape on the right. The overall design is minimalist and modern.
